## HIGH PURITY • BEST QUALITY

# Precision Relief for Orthopedic Care

## Unleashing Nature's Power for Inflammation Management with Purobest

## Purobest - AKBA LPX 200, 200 mg Boswellia Serrata std to 90% AKBA

### AKBA LPX 200 puts the brakes on inflammation and osteoarthritis.

**Main Action:** It demonstrates therapeutic potential in **osteoporosis** and **osteoarthritis** by downregulating inflammation and oxidative stress in osteoarthritis, inhibiting osteoclast differentiation and bone resorption through suppression of NF-κB-induced TNF pathway, and promoting **bone formation** via modulation **of NF-κB, Btk-PLCγ2, MMP-13, and ADAMTS5** signaling pathways. It protects bones, and mitigates cytokines, making **AKBA** effective for **osteoarthritis**

**Specific benefits:** It reduces inflammation, promotes **fatty acid breakdown,** and offers a **side-effect-free** whisper of **pain relief** for patients.

**When to Prescribe:** Recommended for patients with osteoporosis and osteoarthritis.

**Major Contraindications:** Not recommended for individuals with severe **bleeding disorders** or severe **gastric issues.**

**Dosage:** 1 Capsule OD

## Purobest - Curcu LPX 2500, 2500 mg of 95% Curcuminoids

### Curcu LPX 2500: Science-Backed Relief for Inflammation and Chronic Pain.

**Main Action: Curcumin** exhibits superior efficacy and tolerability compared to celecoxib in treating **osteoarthritis, improving pain, walking distance, joint tenderness, crepitus,** and **joint movement** range without dose-related toxicity. RA patients strengthening muscles see deeper inflammatory dampening through synergistically downregulating **NF-κB and MAPK** pathways.

**Specific benefits:** Combat inflammation and chronic pain with precision, ideal for knee osteoarthritis and rheumatoid arthritis patients seeking drug-free solutions.

**When to Prescribe:** Recommended for rheumatoid arthritis and knee osteoarthritis

**Major Contraindications:** Not recommended for individuals with severe **bleeding disorders** or severe **gastric issues.**

**Dosage:** Half Sachet OD diluted in 300 ml of water and taken over 15-30 minutes

**AKBA LPX 200 and Curcu LPX 2500 - Nature's Support for combating inflammation, osteoarthritis, and osteoporosis. Prescribe with Confidence.**
